(Salutations to You, O Jagadamba) Oh One who is in the form of everything, who is the ruler of all deities, who is possessed of all powers. O Devi! Please protect us from all sources of fear. Salutations to you, O Durga Devi!

रोगानशेषानपहंसि तुष्टा । रुष्टा तु कामान्सकलानभीष्टान् ।

(Salutations to you, O Jagadamba!) When you are pleased with our devotion, you destroy totally our diseases (bodily and mental); but if you are annoyed with us (for any reason), you will destroy all our aspirations and wishes (i.e. they will remain ever unfulfilled). Those who take refuge in you, for them there is no misfortune in life. Those who take refuge in you indeed reach your abode when they depart from this world.

(Salutations to you, O Jagadamba!) O Goddess of all the three worlds, when you are pleased, you mitigate all our distresses. Thus, in this manner, your blessing has to work in the destruction of our enemies.
